## FUNCTIONS

| | | |
|---|---|---|
| 00 | **Entrance** | Latchbolt operated by lever from either side. Outside lever locked by push button from inside. Unlocked by key from outside or by rotating inside lever. When outside lever locked by push and turn button from inside, key from outside or rotating inside lever retracts latch, does not unlock outside lever. |
| 80 | **Classroom** | Latchbolt operated by knob from each side. Outside knob locked or unlocked by key from outside. Inside knob always operates latch. |
| 50 | **Storeroom** | Latchbolt operated by rotating inside lever or key in outside lever. Outside lever always fixed. |
| 10 | **Privacy** | Latchbolt operated by lever from either side. Outside lever locked by push button on inside. Unlocked by emergency release on outside, rotating inside lever, or closing door. |
| 30 | **Passage** | Latchbolt operated by lever from either side at all times. |
